

Is crime harming your community?

If you have any information about criminal activity and you know who is responsible but you feel that you can not go to the police because you are scared that it would mean going to court and giving evidence, or you are scared of what might happen to you or your family if those responsible find out? You can contact the independent charity Crimestoppers on 0800 555 111 and tell them what you know. You will remain 100% anonymous.

Always!

Just tell them what you know, not who you are.
